Organizations

Certified

Digital Twins

About

GIS Specialist and GIS Full-Stack Developer delivering enterprise GIS, web mapping, spatial analysis and geospatial automation. Hands-on with ArcGIS Enterprise, ArcGIS Pro, Server/Portal, ArcPy, REST services and enterprise geodatabases. I've migrated legacy GIS solutions to modern web platforms, improved geodatabase workflows, and integrated spatial services with enterprise systems for ministries, municipalities and banks across Saudi Arabia.

Languages: English (fluent), Urdu (native), Arabic (basic) · MCS, University of Lahore
